As my wire and I are senior citizens living on a fixed income we are barely getting by. Property taxes keep going up, the cost of living has increased. I have had two major surgeries in the last 20 months so I am unable to work even part time.

We cannot afford more taxes or more fees. We live in a low income area and many are struggling just to put food on the table and provide for their children.

Increasing taxes or fees at this time would harm so many Oregonians. I ask and encourage all of our elected representatives to stand against Governor Kotek's proposed taxes and fee increases. This is the time for Oregon government and agencies to tighten their belts and provide only basic services.

Oregon tax payers have had enough with constantly grasping state government

Respectfully submitted,
Duane and Eutonna Lee.
