Dear Oregon State Legislators,

I am writing to you today to let you know how much I oppose the whopping tax increases that are coming our way, unless we can stop Governor Tina Kotex and her minions for driving our economy and standard of living further into the ground.

Oregon tax payers have reached the limit. We can't afford more gas taxes, higher DMV fees and payroll taxes to pay for road work we already had funds for but were squandered and or misdirected to pay for pet projects that would get Oregon federal funds...and cost us more through mismanagement. I would like to see the ODOT DEI executives and their huge salaries go away. I would like to see an end of bureaucrats getting high paying jobs because of nepotism, that don't even have a job description or duties.

Let's put those salaries toward those 500 hard working men and women who may be laid off if Tina doesn't get her way with the proposed tax hikes. Why is there always a crisis that results in citizens suffering while throwing an obvious waste of funds in our faces. Yes, I'm referring to the illegal alien legal fund Tina approved without voter input. Why are tax paying citizens always last on the list and taxed to avoid avoidable crises that the bureaucrats have manufactured? Just say enough is too much!

Let's clean up the mess and keep our taxpayers from being among the highest taxed in the nation with the least to show for it. Say no! Tell them the gift is over. We need to be DOGED

Thanks for listening. My continued ability to operate a tax paying second generation family farm in Oregon depends on it.

Not looking forward to the continued destruction of our state,
