Gov Koteks new bill to increase gas tax is unconstitutional. No Governor should be able to increase a tax, this is something to be voted on by the people considering the people pay for it. This should not be allowed. Oregon's payroll tax is also one of the highest in the country and is driving businesses away. This needs to stop.

Please do not allow the gas tax to be increased now or any other time by the Governor, it should only be increased by the people.

Thank you,
Annette Humphrey
