Please do not pass this bill as it is currently written. It will impose a burden on tax paying Oregonians, who are already taxed well beyond what is fair and just. The majority of Oregonians learn to live within their means. They have a budget and live within said budget. Oregon government needs to stop spending tax payers hard earned money on ridiculous endeavors such as DEI(which is against federal law), equity, inclusion and other such related programs. Also, Oregonians should not be financially burdened to take care of illegal immigrants. We need our tax money to be spent on, among other things, maintaining a working fleet for our roads. We need capable road crews who are efficient at what they do. We need better roads and for areas of construction to not take years to complete. We need our government to be fiscally responsible with the money that they take from us. The people of Oregon need our government to hear us and vote accordingly. Thank you for your consideration on this matter.
