Dear Committee on Transportation Funding,

I OPPOSE any new taxes and fees being proposed to fund ODOT. Oregonians are already paying too much in taxes. The best approach would be to make ODOT fiscally responsible. ODOT should be transparent about their budget and tighten the budget. Oregonians need to have roads kept safe, but please explore other ways to finance this. We already pay some of the highest property taxes and gas prices in the nation. Government needs to unburden the tax payer so that families and businesses can thrive in Oregon.
