Please do not raise any more Oregon taxes.

Our household is struggling to pay our expenses and Oregon taxes are already so much out of our family expenses.

I suggest Oregon live within its means and only spend what it earns. Make tough choices, but don't raise taxes.

As an act of good faith, I suggest you lower all Oregon employees pay and only offer Oregon benefits to Oregonians that have United States passports, if you need to lower expenses.

Just don't raise any taxes.
