To the Joint Interim Committee on Transportation Funding,

I am opposed to the LC2 bill that would raise both the gas tax and the income tax. It is no surprise to anyone that we have one of the highest state income tax rates in the country, as well as our outrageously high property tax. The state of Oregon is trying to fight homelessness and poverty, and yet this bill is proposed! We have one of the highest gas prices in the country as well, and though our transportation system needs help, so does the average taxpayer!! Please consider a different approach, hard as it is to raise revenue.

Thank you,
