I'm a Portlander of 33 yrs and my husband is born and raised Oregonian. We cannot afford any new taxes and no new fees. You need to balance the budget, cut waste and fire overpaid employees at the top level. We know about all the corruption and waste. I would reel it back or I'm not sure how you're going to get out of this mess. Not looking good. All Oregonians are aware of your waste fraud and abuse.
