Measure, Appointment or
Topic: LC 2

I am absolutely opposed to the transportation Bill. It will do nothing to fix the ODOT financial and budget problems. It will disastrously harm and burden taxpaying citizens as well as anyone in our State. It will place undue financial burdens on our agriculture businesses. This will cause many more current Oregonians to flee this state. This bill tells the story of leadership refusing to do its job for the people It is sworn to serve and protect. Apparently, solemn oaths on Bibles have little meaning to the majority of Legislators and our Governor. Please search your conscience. I believe it will tell you to VOTE NAY.
