Committee: Joint Interim Committee On Transportation  
Funding

Measure, Appointment or  
Topic: LC 2

As an Oregonian, I oppose any new taxes, increased fees, or increased vehicle registration costs related to ODOT. Increased taxation is not how you govern a state. As the rest of country enjoys lowered cost of living, decreasing fuel costs, and lower energy bills, Oregon should make similar, smart decisions to balance budget. Kotek's proposal will unnecessarily increase costs.
