Please do not pass any new taxes or fees to fund this transportation proposal. We cannot afford more taxes or higher fees for our vehicles. People are leaving Oregon because they are being taxed beyond what we can afford and this is wrong. We are retired and never do we get increases in retirement that let us keep up with these constant increases which means our ability to live is constantly being diminished. If there is money set aside that can be used, THAT is what should be done. You cannot keep taking from us when we have little to give.
