The Oregon government needs to stop taxing and putting more restrictions and regulations on the already struggling people of Oregon. You are destroying families in the whole State of Oregon. We only make so much money and the government keeps wanting more and more. We have to try and keep adjusting our budget to make ends meet. The government needs to function with the money they already receive. Everything is getting taxed and it's still not enough ever the government keeps increasing taxes. Our jobs are to work and support our family not the government. I know of 3 families last week that had to move in with other families because they can't pay their bills. This is wrong of the government who is supposed to be working for the people. Not destroying the people of Oregon. Please NO MORE TAXES. Get back to basics.
