

Submitter: Ritch Hanneman
On Behalf Of: Retired neighbors of se Salem
Committee: Joint Interim Committee On Transportation
Funding
Measure, Appointment or Topic: LC 2

The increases pose a increasing hardship on low income and retired citizens of Oregon. A vote of NO ODOT and the state live within your means . Has anyone been fired for the errors or just promoted or moved to another agency.

A couple of my neighbors are now going to have to move if this debacle is passed.

Also, why does the state make deals with big tech and allow them to get power for free . And pass the costs on to the people of Oregon . That must stop also.

Enough is enough ..
