Funding

Topic: LC 2

As it is, I have to really watch/be careful of my funds as I am a Widow, Retired and on SS. The amount of funds I receive have to cover my Rent, Utilities, Medication Co-Insurance and a few miscellaneous subscriptions.

Therefore, If these "TAXES" go through, I will not be able to afford to keep my Vehicle licensed or fueled for the long-distance Medical Appointments I need, some that are in ID.

Why Can't the State of OR be much more cognizant of how they are spending the Funds from the Tax Payer rather than thinking They need more of this or that for themselves.

Enough is Enough. STOP this continued Deprivation of the Residents of OR.

Respectfully,  
Mrs. Kathy J Heitz
