Funding

Measure, Appointment or
Topic: LC 2

It is my wish to NOT pass the current transportation bill. Reason one - no more taxes put in the citizens of Oregon. Reason two - the line that states that the decision to raise taxes would be in the hands of ODOT instead of the law makers who are accountable to the citizens of Oregon! This bill is NOT what the people want. There is money for ODOT to maintain the roads- use that and STOP TAXING US!!!!
