

Submitter: Rick Zitzmann

On Behalf Of:

Committee: Joint Interim Committee On Transportation  
Funding

Measure, Appointment or  
Topic: LC 2

Please increase tax and fees on transportation and vehicles in Oregon. Oregon will mostly see reduced support from federal funding and will need to make up for those reductions across the board. ODOT has the number to best make decisions on transportation costs. People need to see those associated costs and make decisions based on those costs, not hide their heads in the sand by voting down necessary raising capital to keep transportation infrastructure funded and functioning.

Respectfully, Rick Zitzmann
