

8/25/25

Greetings! I live in Canby Oregon and I am reaching out to you today to voice my strong opposition to a potential tax hike of \$5.8 billion. I am a small business owner in Oregon and have a family. The tax burdens here in Oregon have driven many Oregon residents and business owners to leave the state. I would love to stay in Oregon and help to make it a great state. In order for me to do that I need your help.

Raising gas and vehicle taxes affects my family and business very directly. Also, ODOT needs to refocus spending to take care of core road maintenance.

Please reconsider the direction that the state is going so that families like mine can stay here and not have to move away like so many of my friends have done in the past few years.

Thank you,
Sincerely,
Marcy Riegg
