

Submitter:	Karin Radtke
On Behalf Of:	Support LC2
Committee:	Joint Interim Committee On Transportation Funding
Measure, Appointment or Topic:	LC 2

I support all of the proposals in LC2 and appreciate the efforts that have gone into it. An additional 6 cents per gallon is not unreasonable when the price varies widely in any case, up to 80 cents per gallon, within a 50 mile radius of where I live. I also appreciate the statement about better oversight of ODOT regarding the cost and overruns of major road projects.
