Committee: Joint Interim Committee On Transportation
Funding

Measure, Appointment or
Topic: LC 2

I encourage you to vote against Gov Kotek's desire to gain approval of this bill. (I am aware it was not approved during the prior legislature session). This will not only adversely affect businesses currently located in Oregon but also encourage their departure from this state. We have already lost so many. Instead please vote in the rainy day fund measure to support DOT suggested by Rep. Christine Drazan and conduct an audit of DOT records. Of course an increase in gas taxes will be passed on to consumers who are already paying big prices at the gas pumps. It also seems underhanded by Gov Kotek to conduct this serious business just before a major holiday when many are focusing on end of summer activities.

PLEASE VOTE AGAINST THIS BILL!!!!
