NO MORE TAXES! We have BLED ENOUGH at your hands. Start doing your job and FIRE people! Specifically the TOP 5 positions in ODOT. They wasted our money and have nothing to show for it. Stealing is a crime even by our own STATE GOVERNMENT. Regardless of what you think you can do you cannot continue this dereliction of duty. The incompetence has gone on way too long.

We the people are tired of the lies, cheating, theft and lack of accountability in Oregon State Government. You all need to STOP your poor behavior, stick to a budget and cut all manager and above salaries 25% minimum. Including cutting PERS Benefits. This will show good faith to WE THE PEOPLE that you are serious about getting back to basics. Shut off all speed cameras and save electricity. You spend money like it is yours..... IT IS NOT. It is OURS.

NO MORE, NO MORE, NO MORE TAXES Fees, Permit increases or whatever backroom sneaky crap you all can come up with to steal our money. You are either purposefully destroying our economy or you are way out of your league.

Thank you!!!
