To whom it may concern,

Vote no on the transportation bill! We don't want/need anymore taxes!!!! ODOT has lost /wasted millions of dollars on stupid projects ,like the 217 highway , that doesn't help with traffic. They need to be audited/investigated- and replace the person in charge of ODOT.

The Republicans have better ideas on how to maintain our roads without raising taxes. You need to listen to them and use their ideas!!! Stop the endless tax and spend policies!!

More and more people are moving out of state because of all the outrageous amount of taxes here.

Sincerely,

Trina Talbert
