As a retired person in Oregon I am pleading that we are not burdened with more taxation and fees. The people of Oregon are already struggling to maintain financial stability and your plan to raise taxes and fees will cause further distress for most people in Oregon. Please manage better the money the State of Oregon is already taking from us. People are so tired of the state government mismanaging the money and taking more money from us to solve that problem. So many individuals and businesses have left the state and will plan to leave the state if this doesn't stop. Oregon state government has created so much economic hardship in Oregon already. **STOP RAISING TAXES AND FEES! STOP MAKING OREGON ONE OF THE WORST STATES TO LIVE IN** for working people, businesses and retired people who worked hard for many, many years to be able to retire!
