Funding

Measure, Appointment or LC 2
Topic:

Please do not pass this bill to increase the tax burden on Oregon tax payers, especially without putting this to a vote of the people that are paying the bill. The additional tax burden will make an already difficult financial situation worse for many Oregonians. The residents of this state want better visibility of how state dollars are being spent before the state imposes demands more. Businesses and private citizens all have to live within their budgets and we should expect no less from the state.
