Funding

Measure, Appointment or  
Topic: LC 2

Please consider opposing this bill, small business are suffering and increasing taxes makes the cost of doing business in Oregon less attractive daily. Until ODOT management can balance their books, I am not in favor of this proposal.

ODOT is so incompetent they made a \$1 billion accounting error. They thought they had \$1 billion - 'billion' more than they did.

Now you want to tax us \$1 billion annually to fund ODOT?!?! NO!
