

How can a person with a master's degree in international studies comparative religion impoverish a whole state in just three and one-half years when left to herself? Tina Kotek's prior work experience before entering the world of politics in Oregon consisted of public policy advocacy for the Oregon Food Bank. These are her outstanding credentials to manage the State of Oregon?

I am appalled at the devastation that Oregon Legislature has done to the once beautiful renowned Rose State and made it into a third world poverty ridden state.

This Democrat Legislature led by Tina Kotek has reduced business in Oregon so much that new businesses avoid Oregon like the plague. Our pristine lands lay in squalor now with homeless and drug induced people due to your legislation.

- Your increased \$0.06 gas tax will further impoverish Oregon. What did you do with all the Investment funds that you have been stripping from ALL counties since 2017. Build elaborate bicycle trails?

- Your increased \$139 of title fees will affect everyone, especially businesses and low income residence.

Your increase of \$42 to registration fees lays another overweight mill stone around our necks so you can give raises to your added westside employees. We don't even have DMV Offices anymore here.

- Doubling the payroll tax for the State Transportation Improvement Fund should not have to be. Where are all the Improvement you have been doing each year?

- Adding new \$30 registration fees for EV and fuel efficient vehicles. That doesn't begin to cover what the voter has to shell out upfront so you have EVs

- Creating a Road User Charge (RUC) for EVs, Hybrids, and other fuel efficient vehicles. They are going to love you for that.

I oppose Kotek's massive Tax Hike of \$5.8 BILLION. She makes the problem and then wants Oregonians to pay for her mistakes. This is an incompetent leader and businessperson. She should have stuck with advocacy as a policy manager.
