On Behalf Of: OTA  
Committee: Joint Interim Committee On Transportation  
Funding  
Measure, Appointment or LC 2  
Topic:

I am writing to urge your support for LC2 / HB 2025, Oregon's critical transportation package.

This legislation is essential to ensuring the continued operation and funding of the Oregon Department of Transportation (ODOT) and the infrastructure that keeps our communities connected and our economy moving. It represents a forward-thinking investment in Oregon's future.

Importantly, this bill will modernize the trucking industry's taxation methodology, bringing it into the 21st century. For years, trucks have faced an outdated and inequitable weight-mile tax system, resulting in unfair overpayments. LC2 will simplify this system and introduce a more fair, transparent, and equitable approach to taxing freight movement.

By passing this package, you will help:

Sustain and improve Oregon's transportation infrastructure.

Support economic growth and safety across urban and rural communities.

Ensure fairness in how we tax and regulate the trucking industry.

I respectfully ask for your support of LC2 / HB 2025. Oregon's transportation future depends on it.

Sincerely,

Tim Love

Senior Director of Operations and Safety
