Please vote now on this terrible bill, I currently live paycheck to paycheck and cannot afford additional tax at the gas pump DMV on my payroll or anywhere else. Please I beg you do not pass this egregious tax Bill. For hard-working Oregonian, such as myself who have to work more than one job in fact, I work several jobs just to survive here in Oregon. I cannot afford any additional tax to be lumped onto me. It is bad enough that our state taxes through the roof!! I employ you to consider single working multiple job or in such as myself that are already struggling that are already seeing less than 50% of their actual wages, coming home on their paychecks, please do not pass this bill and thank you kindly for reading my submission.

Best,
Stephanie Lovell
