Dear Legislators,

Please pass LC2! We need ODOT employees, as well as city, county and transit workers to keep their jobs for all of our sakes. Without them, roads won't be plowed, potholes won't be fixed, busses and max trains will come less often and run fewer hours, and our ailing bridges, tunnels and other aging infrastructure will fall further into disrepair. This is unacceptable. We need a safe, functional transportation system that works for all Oregonians. This LC is at least a start in that direction to plug the gaping wound that is about to start festering without it. For all our sakes, and for the well-being of all Oregonians, please pass LC2!

Sincerely,
Josh Stromberg-Wojcik
