This proposed Bill to hike our taxes is Totally Unacceptable! Where did the money go for all the projects not started or finished? Fiscal responsibility with tax payers money is supposed to be number 1 on your list of your responsibilities to the public. Your administration, nor the one before has done that. You need to get rid of Illegals and you will find there are more than enough funds to get ODOT and other transportation agendas completed. Oregonians are taxed to the hilt. You will continue to lose residence to other states if you continue on this insane agenda. My family will be one of those! My family, for generations, have worked in forestry, fishing and the farming industry. The Democrats have done everything to ruin this state in regards to being able to continue living with the rights of peace and tranquility as set out in the Declaration of Independence! Oregon is anything but peaceful and tranquil due to your policies! Vote NO!
