Dear Honorable Transportation Committee Members,  
I am Paul Centanni, of Stayton Oregon.

Regarding this Friday's Governor-called legislative session to address our  
Department of Transportation shortfall: NO NO No, let me repeat myself NO More  
increases to my personal transportation costs!!

Please tell our governor, that she needs to have our Oregon DOT, operate within the  
confines of their current budget amount !

No More Taxes Increased!

Me: I am an older retired man, living on a fixed income!

For most of my years, I've heard that the DEMOCRATIC PARTY is the party of  
THE PEOPLE... The governor and the Democratic controlled State House, appears  
to think that they can just dip into my pockets as a piggy bank, anytime they feel!  
They are wrong, and I will not put up with it!

My career was a 30-year semi-truck driver; you can't get any more "blue collar" or  
regular-person-people than that!!

I can barely afford to live month to month as it is right now, so having to endure the  
governor's increase in gas-tax and registration-fees etc, will cause me unnecessary  
pain, and make my life even more difficult than it currently is!

NO No No More Transportation Tax Increase!

Thank You for your time.

Sincerely,

Paul Centanni
