As a taxpayer it is crazy to me that the legislature and governors office can't work within their means. Y'all are like little kids always asking for something more.

Please stop taxing us. We can't afford it. ODOT has admitted they can work within their budget to get by WITHOUT LAYING ANYONE OFF!!

Taxing us more will definitely have a negative result when it comes time to elect y'all. Don't be taking away our kicker either. It's our money.
