Funding  
Measure, Appointment or  
Topic: LC 2

Greetings members of the committee, my name is Ciara. I am from Junction City and am in opposition to this proposed plan for transportation funding. Since moving here five years ago, my husband and I have seen an increase in the cost of living. He now works six days a week to keep up for our family of five and there are many more young families like us. We choose not to leave because we love our state. Shout out to those that run the Oregon DOGE podcast and have been a part of it, we have long known there is a history of waste, fraud, and abuse but you guys have made it very clear to us how we can use funds to support Oregon taxpayers, not take from them and Oregonians greatly appreciate that. I encourage you all to redo this budget. This state and its people cannot afford this.
