Funding

Measure, Appointment or
Topic: LC 2

I'm writing in to oppose any tax hikes or additional funding for ODOT and any other state agencies, programs or any other misc items that can be funded with state tax dollars or other funds until the State Government learns to live within its means.

ODOT does not need any additional funding. It needs to actually use the funding it has wisely and work within its budget.

Please vote against any additional taxes in this state. We already pay more than our fair share and the state should have to learn to live within their means like normal every day Oregonians have to.
