Topic: LC 2

I live in a rural county on the coast. Many cost have gone up or remained high for a number of years. It has a huge impact on young families, seniors and struggling people of this county. Gas is already high. Many have to drive a distance just for work, medical and major grocery shopping. This bill does not help getting Oregon citizens back to where they have reasonable living. Make budget cuts for areas not essential. There can be changes to help agencies such as odot without taking more from our pockets. Our leaders are out of touch with Oregonians. Please listen to them
