The people of Oregon cannot give anymore in taxes when the tax monies already collected are frittered away on pet projects. You need to deal with the essential needs of running Oregon, not your wants. I have lots of wants but they don't fit into my budget after I take care of the needs.

Oregon needs to be accountable to the taxpayers and develop a budget and stick to it for the needs of Oregon. Dip into your rainy day fund to get past this so called tough spot.

I also think the taxpayers should be able to have an audit of the Oregon budget. I am sure we could help you cut the fat and live within your means.

NO NEW OR INCREASED TAXES HAS ALREADY BEEN ECHOED
THROUGHOUT OREGON. LISTEN TO THE PEOPLE!
