

I live in Klamath Falls, and I am deeply concerned about the transportation tax bill. Businesses like mine are already stretched thin. Any additional taxes and fees would make daily life unaffordable. Just like my business has had to, ODOT must also tighten its belt. ODOT should refocus its spending and prioritize keeping Oregonians safe on the road. Please consider alternatives that don't financially punish Oregonians. Although fuel efficient vehicles need to be responsible for their portion of the roadway maintenance, we should not be unduly punishing conventional transportation.

Thank you
