

Submitter:	Connie Dunham
On Behalf Of:	Dunham Ranch
Committee:	Joint Interim Committee On Transportation Funding
Measure, Appointment or Topic:	LC 2

I am writing on behalf of our ranch in opposition to this transportation bill. With several vehicles running our ranch this will be a huge burden for renewing registrations. The cost of diesel is averaging \$5.00 a gallon already! Taxes on gas and diesel are already too high. There are other ways to fund the ODOT. High income businesses are flooding out of Oregon and we will become a state of paupers if the increases in taxes continues. Farming and ranching carries this state and you are hurting small farms with this bill which no Oregon voter has been given a voice in. If voters are against it you shouldn't be passing it!
