I do not support the new tax to fund ODOT!!!

That money was readily available from the Federal Government.

The Democrats that reign over our state refused to eliminate the ridiculous and illegal Sanctuary State concept and instead spend our tax money supporting criminals who have entered our county illegally and are now being financially supported by the Taxpayers of Oregon in the Democrat hope of them becoming Democrat voters in the future.

This is unacceptable.

If it takes a Revolution to kick you Democrat Traitors out of politics, so be it.
