Enough is enough, you have and continue to out tax Oregonians. Your policies are making it harder to afford living in my home state, where I was born and have lived my whole life. The money is there, dedicate all funding going to "NON US" citizens back to where it belongs, to us the legally paying citizens who fund it. Where are the tax dollars we currently put into these funds going? It doesn't seem to be what it is intended for. There are countless experts and politicians saying the money is there, and it is mis appropriated. It's time to make the right decision and to use our money for us.
