Measure, Appointment or LC 2  
Topic:

To all Oregon legislators. I am a resident of Bend, Oregon. I would implore you to oppose this increased gas tax bill. We are already well overtired and have some of the highest gas prices in the nation. I also do not agree with the earmarks for what this increased revenue will be used. You need to better and more wisely manage the tax and bond revenue already being taken in to cover services and state needs that are more pressing and dire. Choose wisely what our revenue needs to go towards. Please oppose this bill. Thank you
