**Re: Joint Interim Committee on Transportation Funding – Testimony in Support  
of Proposed Transportation Funding**

Dear Chair Wagner, Chair Fahey, and members of the Joint Interim Committee,

My name is Maureen Wolf, and I am writing today in support of the proposed transportation funding. Thank you for revisiting this important funding that not only continues to finance the road and maintenance work of the Oregon Department of Transportation, but especially the revision that preserves the 50/30/20 distribution model to include counties and cities.

By continuing this distribution model, the City of Tigard receives added resources to address local safety issues. As our communities add housing options, the demand for our local roads also expands. Tigard community members see increased commuters using their neighborhood streets as shortcuts. The need for this funding mechanism is critical for Oregon's communities and our local transportation plans.

Thank you once again for this opportunity to share my support.

Sincerely

A handwritten signature in blue ink, appearing to read "Maureen J. Wolf", with a stylized flourish at the end.
