Dear Legislators, I'm so sorry the governor wants to spoil your Labor Day weekend with a Special Legislative Session. Please boycott! or, if you feel compelled to attend, PLEASE VOTE NO on each and every part of this egregious "Transportation" package. NO MORE TAXES!! She needs to have audits performed on ODOT and other agencies who overspend.

I've lived on a tight budget my entire life. Starting with a 25-cent weekly allowance when I turned 8.

If you do meet, demand that the session begin with some accountability and transparency. It's ruthless to dig into our pockets because government employees (probably paid much more than I've ever earned) can't do their jobs faithfully. More taxes will not only drive up the cost of living, but DRIVE OUT major employers, reducing jobs. That'll reduce income for the state as well as families.

Oh, and you might remind her of the Recall Petition being circulated. More Taxes could cost her re-election. Maybe some of your seats, too.

Thank you. I know many of you are prudent and thoughtful and care about our state. Protect us!
