I am a native Oregonian, and I am disgusted with the way our state is being run. I have written time and time again that there should be no more taxes applied to Oregonians. Stop any and all new taxes and start investigating where our tax money is being spent, since it isn't being spent on roads like taxpayer were told it would be. Our road taxes should go nowhere other than for Road infrastructure!! Vote no on any and all tax bills. Those who vote to pass any of these bills, I will help defeat in the elections. This is so wrong!!

VOTE NO ON ANY AND ALL TAXES PERIOD!!!
