Committee: Joint Interim Committee On Transportation
Funding

Measure, Appointment or
Topic: LC 2

I strongly oppose these new taxes for Transportation Funding. This will affect every single Oregonian. We already pay enough in taxes, so please stop increasing them. I have lived in Oregon for 68 years and I love Oregon, but with all these taxes, it is making it impossible to continue to reside here. Please think about what you are doing to our State and the citizens.
