I do not support any additional taxes for the department of transportation or any other department in Oregon. We are already over taxed in the state and the only way that you guys can figure out how to solve a problem is to raise my taxes. This is a beautiful state. i am born and raised here and it has been ruined by people that all they wanna do is take money out of hard-working entrepreneurs like myself. I have struggled my entire life to make a living for my family, and I am tired of the state and the city and the county and Metro from trying to figure out their problems by raising my taxes.

I do not support any raising of my taxes
