Committee: Joint Interim Committee On Transportation  
Funding

Measure, Appointment or  
Topic: LC 2

I know from personal experience and 17 years working for ODOT, that there is SO much waste in the department. They have stupid procedures and stupid policies that waste money so frequently that most employees don't even realize. ODOT can trim a lot of programs that do nothing to better transportation across the state! I could go on for hours about it!
