In regards to LC2....the massive transportation tax increase. I as a native Oregonian do not support it. In passing LC2 will mean higher mortgage rates, higher priced groceries, higher cost for insurance and increase in taxes. Oregonians can not afford this. This is not about keeping our roads safe. This bill is not intended for the benefit of the people, only the politicians and their donors.

No new taxes. You need to audit yourself and for the first time be accountable for your lack in leadership.
