Dear Members of the Oregon Legislature,

I am writing to express strong opposition to the proposed ODOT bill championed by the Governor. This legislation does not reflect the will of Oregonians, who have consistently voiced their concerns about its implications. It is disheartening that these concerns appear to be disregarded.

Time and again, decisions seem to prioritize the directives of the Governor and party leadership over the needs and opinions of everyday Oregonians. This approach undermines the principles of representative government. As elected officials, your primary responsibility is to serve the interests of your constituents, not to act as a rubber stamp for any single agenda.

Oregonians deserve policies that reflect their priorities, not additional taxes or ineffective governance. I urge you to listen to the voices of your constituents and reject this bill in favor of solutions that genuinely serve our state's best interests.

Sincerely,

Michelle
