Funding

Measure, Appointment or
Topic: LC 2

The overall rate increase this measure calls for is unreasonable. Oregonians cannot continue to be taxed and 'fee'd' to death. ODOT has not proved to be a responsible manager of our tax dollars. They should not receive additional funds to misspend. The 6 cents tax on gasoline is way out of line and as such the registration and title fees. ODOT needs to return to basic road maintenance and that alone.
