Measure, Appointment or
Topic: LC 2

Please vote no against this tax measure. No new taxes. No budget increase for ODOT.

There is a need for greater accountability, more financial transparency, and a redistributing of the budget towards practical needs (i.e. maintenance and repairs, wages, etc.). ODOT needs to deal with the consequences of their actions and their mismanagement of their budget without pushing those consequences onto the citizens.

Vote NO and do not support additional taxes.
